

John Deere 6250R

~~149.900€~~ 144.000€

DESCRIPTION

2017, John Deere PowerTech 6.8 l, AutoPowr 40 km/h, TLS, Premium front hydraulic, cabin suspension, double-circuit air installation 2, AutoTrac preparation with activation, new tires

TECHNICAL SPECIFICATIONS

Year of manufacture: 2017

Number of working hours of the engine: 3950

Horsepower: 250

Working capacity of the engine: 6788 ccm

Number of cylinders: 6

Engine type: John Deere PowerTech 6.8 l

Transmission: John Deere AutoPowr

Maximum speed: 40 km/h

PTO: Independent rear PTO 540/540E/1000 o/min

Machine mass: 9300 kg

Fuel tank capacity: 410 l

Hydraulic pump: 160 l/min

CABIN

ComfortView with suspension and CommandArm operating console, automatic air conditioning, telescopic left and right wide-angle mirrors, Premium driver's seat with air suspension, radio, Generation 4 CommandCenter 4600 10" display (25.4 cm Touchscreen), windshield wiper with washing function, external connectors for auxiliary ignition cables, rear cable passage, interior lighting, clothes hook, tilting cabin, 330° all-round visibility, hand and foot accelerator

HYDRAULICS AND PTO

independent rear PTO shaft 540E/1000/1000E rpm, electric speed change via display, clutch with multiple discs in oil

PFC hydraulic system (pressure and flow compensation) - 160 l/min, maximum pressure 200 bar, 4 pairs of electronic SCVs, rear Power Beyond, hydraulic trolley braking

WHEEL DIMENSIONS

Rear wheels with adjustable rims, rear tires 650/85R38

Front wheels with adjustable rims, front tires 600/70R28

FRONT AXLE

MFWD mechanical drive, TLS suspension with front brakes for driving at 50 km/h, multi-disc clutch in oil, electro-hydraulic activation, automatic activation when braking at speeds above 5 km/h, 100% mechanical locking of the front differential, variable steering sensitivity

LIGHTS AND ELECTRONICS

Premium lighting package, 6 cabin roof front working lights, 6 cabin roof rear working lights, angular lights, 2 rotating lights, low beam, and high beam road lights.

AMS

JDLink Connect enables remote machine access (RDA), AutoTrac preparation, and SF1 signal activation

ADDONS

Toolbox, passenger seat, double-circuit air installation, rear mudguards extensions, front swivel mudguards, Premium front hydraulics cat 3N (includes special SCV for front hydraulics, non-pressure recirculation, raise/lower control buttons)

OTHER INFORMATION

All four new tires
